Ophthalmic and Physiological Optics

INDEX TO VOLUME 11

SUBJECT INDEX

abstracts
  Applied Vision Association, 279
accommodation
  flicker, control theory, 81
  beta-blockers, ocular vasculature, 99
  cognition, control theory, 335
  instrumentation, visual performance, 328
  myopia, biofeedback, 304
acuity charts
  refractive error, contrast sensitivity, 218
age
  chromatic aberration, visual optics, 385
  magnetometry, visual evoked magnetic response, 71
age-related maculopathy
  review, visual fields, 59
amblyopia
  orthoptics, atropine, 113
anisometropia
  binocular vision, visual performance, 350
  visual optics, pseudophakia, 109
Applied Vision Association
  abstracts, 279
artificial tears
  tear film, preservatives, 48
atropine
  orthoptics, amblyopia, 113
Bennett/Harris
  matters arising, optical power, 191
beta-blockers
  accommodation, ocular vasculature, 99
binocular vision
  anisometropia, visual performance, 350
  control theory, ocular/visual models, 275
  night vision, driving, 340
  reading vision, symptomatology, 291
biofeedback
  myopia, accommodation, 304
blood pressure
  ocular pathology, symptomatology, 201
case report
  cyclopentolate, ocular adverse reactions, 16
  digoxin, ocular adverse reactions, 391
  glaucoma, ocular pathology, 176
  Sjögren–Larsson syndrome, ocular pathology, 180
children's vision
  low vision aids, clinical survey, 10
  myopia, refractive development, 297
  vision screening, clinical survey, 3
chromatic aberration
  age, visual optics, 385
clinical survey
  glaucoma, ocular pathology, 22
  intra-ocular pressure, tonometry, 195
  low vision aids, children's vision, 10
  low vision, optical aids, 314
  vision screening, children's vision, 3
cognition
  accommodation, control theory, 335
  tinted lenses, reading vision, 320
computer analysis
  glaucoma, optic disc, 27, 36
contact lenses
  cornea, radiation hazards, 232
  radial keratometry, cornea, 156
  tear film, hydrogel lenses, 53
contrast
  psychophysics, hyperacuity, 76
contrast sensitivity
  pupil size, modulation transfer function, 91
  acuity charts, refractive error, 218
control theory
  accommodation, flicker, 81
  binocular vision, ocular/visual models, 275
  accommodation, cognition, 335
cornea
  contact lenses, radial keratometry, 156
  contact lenses, radiation hazards, 232
  visual optics, keratometry, 239
crystalline lenses
  optical power, ocular/visual models, 359
cyclopentolate
  case report, ocular adverse reactions, 16
digoxin
  case report, ocular adverse reactions, 391
driving
  binocular vision, night vision, 340
dyslexia
  review, tinted lenses, 206
electrophysiology
  ocular pathology, ocular vasculature, 370
eye movements
  ophthalmic lenses, visual performance, 252
eye-strain
  tinted lenses, lighting, 172
flicker
  accommodation, control theory, 81
genetics
  myopia, refractive development, 227
glaucoma
  case report, ocular pathology, 176
  optic disc, computer analysis, 27, 36
  ocular pathology, clinical survey, 22
hydrogel lenses
  tear film, contact lenses, 53
hyperacuity
  psychophysics, contrast, 76
instrumentation
  accommodation, visual performance, 328
intra-ocular pressure
  tonometry, clinical survey, 195
keratometry
  cornea, visual optics, 239
legislation
  Opticians Act 1989, 185
  OSAC report, 271
lens design
  ophthalmic lenses, optical matrices, 118, 121
  ophthalmic lenses, optical power, 248
  pseudophakia, optical power, 137
lighting
  tinted lenses, eye-strain, 172
low vision
  optical aids, clinical survey, 314

low vision aids
  children's vision, clinical survey, 10
magnetometry
  age, visual evoked magnetic response, 71
modulation transfer function
  pupil size, contrast sensitivity, 91
myopia
  accommodation, biofeedback, 304
  childrens' vision, refractive development, 297
  genetics, refractive development, 227
night vision
  binocular vision, driving, 340
ocular adverse reactions
  case report, cyclopentolate, 16
  case report, digoxin, 391
ocular pathology
  blood pressure, symptomatology, 201
  electrophysiology, ocular vasculature, 370
  glaucoma, case report, 176
  glaucoma, clinical survey, 22
  Sjögren–Larsson syndrome, case report, 180
ocular vasculature
  accommodation, beta-blockers, 99
  electrophysiology, ocular pathology, 370
ocular/visual models
  binocular vision, control theory, 275
  optical power, crystalline lenses, 359
ophthalmic lenses
  eye movements, visual performance, 252
  lens design, optical matrices, 118, 121
  lens design, optical power, 248
  presbyopia, optical dispensing, 147
optic disc
  glaucoma, computer analysis, 27, 36
optical aids
  low vision, clinical survey, 314
optical dispensing
  ophthalmic lenses, presbyopia, 147
optical matrices
  ophthalmic lenses, lens design, 118, 121
  statistics, optical power, 130, 263
optical power
  crystalline lenses, ocular/visual models, 359
  Matters arising, Bennett/Harris, 191
  ophthalmic lenses, lens design, 248
  pseudophakia, lens design, 137
  statistics, optical matrices, 130, 263
  statistics, radial keratometry, 381
Opticians Act 1989
  legislation, 185
orthoptics
  atropine, amblyopia, 113
OSAC report
  legislation, 271
presbyopia
  ophthalmic lenses, optical dispensing, 147
preservatives
  tear film, artificial tears, 48
pseudophakia
  optical power, lens design, 137
  visual optics, anisometropia, 109
  visual optics, schematic eye, 105
psychophysics
  hyperacuity, contrast, 76
pupil size
  contrast sensitivity, modulation transfer function, 91
radial keratometry
  contact lenses, cornea, 156
  statistics, optical power, 381
radiation hazards
  cornea, contact lenses, 232
reading vision
  binocular vision, symptomatology, 291
  tinted lenses, cognition, 320
  visual performance, tinted lenses, 163
refractive development
  myopia, childrens' vision, 297
  myopia, genetics, 227
refractive error
  acuity charts, contrast sensitivity, 218
review
  tinted lenses, dyslexia, 206
  visual fields, age-related maculopathy, 59
schematic eye
  visual optics, pseudophakia, 105
Sjögren–Larsson syndrome
  case report, ocular pathology, 180
statistics
  optical power, optical matrices, 130, 263
  optical power, radial keratometry, 381
Swann L.A.
  tribute, 285
symptomatology
  binocular vision, reading vision, 291
  blood pressure, ocular pathology, 201
tear film
  artificial tears, preservatives, 48
  contact lenses, hydrogel lenses, 53
  tear production, tonicity, 44
tear production
  tear film, tonicity, 44
tinted lenses
  eye-strain, lighting, 172
  cognition, reading vision, 320
  review, dyslexia, 206
  visual performance, reading vision, 163
tonicity
  tear film, tear production, 44
tonometry
  intra-ocular pressure, clinical survey, 195
vision screening
  children's vision, clinical survey, 3
visual evoked magnetic response
  age, magnetometry, 71
visual fields
  review, age-related maculopathy, 59
visual optics
  age, chromatic aberration, 385
  cornea, keratometry, 239
  pseudophakia, anisometropia, 109
  pseudophakia, schematic eye, 105
visual performance
  accommodation, instrumentation, 328
  binocular vision, anisometropia, 350
  ophthalmic lenses, eye movements, 252
  tinted lenses, reading vision, 163

AUTHOR INDEX

Abelman, H see **Harris, W F,** 118
Allen, R J see **Barnard, N A S,** 201
Armstrong, R A, Slaven, A and **Harding, G F A,**
The influence of age on the pattern and flash visual evoked magnetic response (VEMR), 71
Astin, C L K,
Keratoreformation by contact lenses after radial keratotomy, 156
Atchison, D A see **Smith, G,** 359
Atchison, D A,
Design of aspheric intraocular lenses, 137
Barnard, N A S, Patel, C and **Barnard, R A M,**
Sjögren–Larsson syndrome: case reports of two brothers, 180
Barnard, N A S, Allen, R J and **Field, A F,**
Referrals for vascular hypertension in a group of 45–64-year-old patients, 201
Barnard, R A M see **Barnard, N A S,** 180
Bennett, A G,
Matters Arising: The sine-squared expression and torsional prismatic effects in astigmatic lenses, 191
Bennett, A G,
Tribute, 285
Bennett, A G and **Rabbetts, R B,**
What radius does the conventional keratometer measure?, 239
Bishop, A M,
Vision screening of children: a review of methods and personnel involved within the UK, 3
Bonnin, T see **Semmlow, J L,** 252
Bourdy, C, Cottin, F and **Monot, A,**
Errors in distance appreciation and binocular night vision, 340
Bradley, A, Hook, J and **Haeseker, J,**
A comparison of clinical acuity and contrast sensitivity charts: effect of uncorrected myopia, 218
Canavan, Y M see **Jackson, A J,** 314
Charman, W N see **Morrell, A,** 385
Charman, W N see **Deeley, R J,** 91
Cho, H-S see **Solman, R T,** 320
Clearkin, L G see **Currie, Z I,** 176
Cottin, F see **Bourdy, C,** 340
Cox, M J and **Wood, I C J,**
Computer assisted optic nerve head assessment, 27
Cox, M J and **Wood, I C J,**
Inter- and intra-image variability in computer assisted optic nerve head assessment, 36
Cullen, A P see **Dumbleton, K A,** 232
Currie, Z I, Lewis, S and **Clearkin, L G,**
Dysthyroid eye disease masquerading as glaucoma, 176
Dain, S J see **Solman, R T,** 320
Deeley, R J, Drasdo, N and **Charman, W N,**
A simple parametric model of the human ocular modulation transfer function, 91
Doughty, M J see **Dumbleton, K A,** 232
Drasdo, N see **Deeley, R J,** 91
Drasdo, N see **Evans, B J W,** 206
Dumbleton, K A, Cullen, A P and **Doughty, M J,**
Protection from acute exposure to ultraviolet radiation by ultraviolet asborbing RGP contact lenses, 232
Edwards, M and **Lewis, W H P,**
Autosomal recessive inheritance of myopia in Hong Kong Chinese infants, 227
Edwards, M,
The refractive status of Hong Kong Chinese infants, 297
Edwards, N R see **Winn, B,** 335
Efron, N see **Young, G,** 53
Elliott, D B see **MacVeigh, D,** 76
Evans, B J W and **Drasdo, N,**
Tinted lenses and related therapies for learning disabilities – a review, 206
Field, A F see **Barnard, N A S,** 201
Flitcroft, D I,
Accommodation and flicker: evidence of a role for temporal cues in accommodation control?, 81
Fowler, C W see **Sullivan, C M,** 147
Gibson, M see **Jackson, A J,** 314
Gilmartin, B see **Winn, B,** 335
Gilmartin, B see **Owens, H,** 99
Gilmartin, B, Gray, L S and **Winn, B,**
Amelioration of myopia using biofeedback of accommodation: a review, 304
Gray, L S see **Gilmartin, B,** 304
Haeseker, J see **Bradley, A,** 218
Harding, G F A see **Armstrong, R A,** 71
Hardman Lea, S see **Snead, M P,** 105, 109
Harris, W F and **Abelman, H,**
Approximate matrix expression for the thickness of any lens generalized to allow for prism, 118
Harris, W F, Malan, D J and **Rubin, A,**
Distribution of dioptric power: ellipsoids of constant probability density, 381
Harris, W F,
Thickness extrema at the edge of shaped lenses: the general problem and the solution for a straight edge obtained by means of direct elimination and of Lagrange multipliers, 121
Harris, W F,
Representation of dioptric power in Euclidean 3-space, 130
Harris, W F,
Statistical inference on mean dioptric power: asymmetric powers and singular covariance, 263
Haworth, S M see **Snead, M P,** 105
Haworth, S M see **Snead, M P,** 109
Hobley, A and **Lawrenson, J,**
Ocular adverse effects to the therapeutic administration of digoxin, 391
Hodes, D T see **Jones, L W J,** 16
Hook, J see **Bradley, A,** 218
Hung, G K,
Linear model of accommodation and vergence can account for discrepancies between AC/A measures using the fixation disparity and phoria methods, 275
Jackson, A J, Morrison, E, O'Donoghue, E, Wilson, H, Canavan, Y M and **Gibson, M,**
Provision of ophthalmic services for a rehabilitation day care centre population with multiple physical handicaps, 314
Jaschinski-Kruza, W,
On proximal effects in objective and subjective testing of dark accommodation, 328
Jenkins, T C A see **Pickwell, L D,** 291
Jones, L W J and **Hodes, D T,**
Possible allergic reactions to cyclopentolate hydrochloride: case reports with literature review of uses and adverse reactions, 16
Karadsheh, S see **Leat, S J,** 10
Kaye, N A see **Pickwell, L D,** 291
Kelly, M E see **North, R V,** 113
Kergoat, H see **Lovasik, J V,** 370
Lawrenson, J see **Hobley, A,** 391
Leat, S J and **Karadsheh, S,**
The use and non-use of low vision aids by visually-impaired children, 10
Lewis, S and **Currie, Z I,** 176
Lewis, W H P see **Edwards, M,** 227
Lovasik, J V and **Kergoat, H,**
Influence of transiently altered retinal vascular perfusion pressure on rod/cone contributions to scotopic oscillatory potentials, 370
Lovie-Kitchin, J E see **Swann, P G,** 59
McCaghrey, F E and **McCaghrey, G E,**
A practice based study of factors influencing intra-ocular pressure, 195
McCaghrey, G E see **McCaghrey, F E,** 195
MacVeigh, D, Whitaker, D and **Elliott, D B,**
Spatial summation determines the contrast response of displacement threshold hyperacuity, 76
Malan, D J see **Harris, W F,** 381
Monot, A see **Bourdy, C,** 340
Morrell, A, Whitefoot, H D and **Charman, W N,**
Ocular chromatic aberration and age, 385
Morrison, E see **Jackson, A J,** 314
Mortimer, L C see **Winn, B,** 335
Neary, C see **Wilkins, A J,** 163
North, R V and **Kelly, M E,**
Atropine occlusion in the treatment of strabismic amblyopia and its effect upon the non-amblyopic eye, 113
O'Donoghue, E see **Jackson, A J,** 314
Obstfeld, H,
The weight of edged spectacle lenses, 248
Occhipinti, J R see **Tomlinson, A,** 44
Owens, H, Winn, B, Gilmartin, B and **Pugh, J R,**
Effect of a topical beta-adrenergic receptor antagonist on the dynamics of steady-state accommodation, 99
Patel, C see **Barnard, N A S,** 180
Pedrono, C see **Semmlow, J L,** 252
Pickwell, L D, Kaye, N A and **Jenkins, T C A,**
Distance and near readings of associated heterophoria taken on 500 patients, 291
Pierscionek, B K see **Smith, G,** 359
Pugh, J R see **Owens, H,** 99
Rabbetts, R B see **Bennett, A G,** 239
Reynolds, K see **Snead, M P,** 105, 109
Rubin, A see **Harris, W F,** 381
Rubinstein, M P see **Snead, M P,** 105, 109
Semmlow, J L, Pedrono, C and **Bonnin, T,**
Influence of peripheral degradation on the identification of eccentric targets, 252
Simpson, T,
Suppression effect of simulated anisometropia, 350
Slaven, A see **Armstrong, R A,** 71
Smith, G, Pierscionek, B K and **Atchison, D A,**
Optical modelling of the human lens, 359
Snead, M P, Hardman Lea, S, Rubinstein, M P, Reynolds, K and **Haworth, S M,**
Determination of the nodal point position in the pseudophakia eye, 105
Snead, M P, Hardman Lea, S, Rubinstein, M P, Reynolds, K and **Haworth, S M,**
Aniseikonia: a method of objective assessment in pseudophakia using geometric optics, 109
Solman, R T, Cho, H-S and **Dain S J,**
Colour mediated grouping effects in good and disabled readers, 320
Sullivan, C M and **Fowler, C W,**
Reading addition analysis of progressive addition lenses, 147
Swann, P G and **Lovie-Kitchin, J E,**

Age-related maculopathy II, 59
Taylor, S P,
The Opticians Act 1989 and UK optometry, 185
Taylor, S P,
Legal note: The Optical Services Audit Committee (OSAC) and UK optometry, 271
Tomlinson, A and **Trees, G R,**
Effect of preservatives with artificial tear solutions on tear film evaporation, 48
Tomlinson, A, Trees, G R and **Occhipinti, J R,**
Tear production and evaporation in the normal eye, 44
Trees, G R see **Tomlinson, A,** 44, 48
Tuck, M W,
Referrals for suspected glaucoma: an International Glaucoma Association survey, 22
Whitaker, D see **MacVeigh, D,** 76
Whitefoot, H D see **Morrell, A,** 385
Wilkins, A J and **Neary, C,**
Some visual, optometric and perceptual effects of coloured glasses, 163
Wilkins, A J and **Wilkinson, P,**
A tint to reduce eye-strain from fluorescent lighting? Preliminary observations, 172
Wilkinson, P see **Wilkins, A J,** 172
Wilson, H see **Jackson, A J,** 314
Winn, B see **Owens, H,** 99
Winn, B, Gilmartin, B, Mortimer, L C and **Edwards, N R,**
Effect of mental effort on open and closed loop accommodation, 335
Winn, B see **Gilmartin, B,** 304
Wood, I C J see **Cox, M J,** 27
Wood, I C J see **Cox, M J,** 36
Young, G and **Efron, N,**
Characteristics of the pre-lens tear film during hydrogel contact lens wear, 53
